Marine and Fishery Sciences

Formerly *Revista de Investigación y Desarrollo Pesquero*

Marine and Fishery Sciences (MAFIS) is an Open Access Journal edited by the Instituto Nacional de Investigación y Desarrollo Pesquero (INIDEP) that publishes peer-reviewed articles of original investigations in the following categories: *Original Research Papers, Reviews, Notes and Technical Papers*. It is published two times a year aiming all work and studies on applied or scientific research within the many varied areas of the marine sciences and fisheries, aquaculture, oceanography and marine technologies including conservation, environmental impact and social-related aspects that directly or indirectly affect to human populations. Young scientists are particularly encouraged to submit short communications based on their own research. The quality of the journal is guaranteed by the editorial and advisory boards, consisting of leading researchers in the field of marine sciences. Please read the instructions below for brief details on the Journal's requirements for manuscripts or visit the Journal website <https://ojs.inidep.edu.ar> for full and updated Author Guidelines.

AUTHOR GUIDELINES

GENERAL CONSIDERATIONS

Peer review

This Journal operates a double blind review process. All contributions will be initially assessed by the editor for suitability for the journal. Papers deemed suitable are then typically sent to three independent expert reviewers to assess the scientific quality of the paper. The Editor is responsible for the final decision regarding acceptance or rejection of articles. The Editor's decision is final.

Use of word processing software

It is important that the file be saved in a format compatible with Microsoft Word 2003-2007 processor. The texts should be in single-column form line-numbered. Keep the layout of the text as simple as possible. When preparing tables, if you are using a table grid, use only one grid for each individual table and not a grid for each row. If no grid is used, use tabs, not spaces, to align columns. Source files of figures, tables and text graphics may be required for final formatting.

Structure

Manuscript should arranged in the following order: **Title page** should include a Running Head with no more than 50 characters, Title, Author(s), Affiliation, Address(es), e-mail and telephone from the corresponding author; **Abstract page** with an Abstract not exceeding 200 words, and up to six Key words; **Main text** should include an Introduction, Materials and Methods, Results, Discussion, Acknowledgements, References, Figure Legends, Tables, Figures and Appendices. If work is written in Spanish, please provide an Abstract and key words in English also. Please follow the Aquatic Science & Fisheries Thesaurus (<https://agrovoc.fao.org/skosmosAsfa/asfa/es/?clang=en>) for guidance.

Submission

Original manuscript for consideration including text, tables and figures should be uploaded to MAFIS (<https://ojs.inidep.edu.ar>) previous registration. If any problem uploading submission, please contact Editorial Committee (c-editor@inidep.edu.ar). All correspondence, including notification of the Editor's decision and requests for revision, is sent by e-mail. Please suggest the names, institutions and e-mail addresses of up to four potential reviewers from different countries in the research field of the paper. The works that do not adapt to the standards set by the Editorial Committee will not be considered.

Papers must be original contributions written in Spanish or English. The text will be typed double-spaced on A4 sheets of white paper, Times New Roman typography, body 11 points, with numbered lines are encouraged.

For the use of abbreviations and units the Typographic Code adopted by the FAO and the International System of Units (SI) must be followed (<http://physics.nist.gov/cuu/Units/units.html>).

Tables, figures and photographs

Tables and figures will be presented individually with their respective epigraphs in Times New Roman typography. All figures must be provided in electronic format. Please save vector graphics (e.g. line artwork) in Encapsulated Postscript Format (EPS) and bitmap files (e.g. halftones) or clinical or in vitro pictures in Tagged Image Format (TIFF). Further information can be obtained at the Journal website <https://ojs.inidep.edu.ar>.

REFERENCES

The Council of Scientific Editors (CSE) citation style should be followed: *Name-Year (N-Y) system (Scientific style and format: the CSE manual for authors, editors, and publishers. 2014. 8th ed. Chicago (IL): University of Chicago Press).*

ACCEPTANCE OF A MANUSCRIPT FOR PUBLICATION

Authors submitting a paper do so on the understanding that the work has not been published before, is not being considered for publication elsewhere and has been read and approved by all authors. Proofs will be sent via e-mail as an Acrobat PDF (portable document format) file. The e-mail server must be able to accept attachments up to 4 MB in size. Corrections must be returned within one week of receipt.
